NEW LIGHTS!

Shown in photo are the new energy efficient lights installed in the high bay area of the CTTC over JKF Technologies. The project completed throughout the CTTC was funded by a grant

from the Commonwealth of Pennsylvania Local Share Account - Monroe County Gaming Funds. The grant also paid for a new heating unit for a portion of the building.

CHECK IT OUT

PROVA Systems Corporation has launched a video demonstration of their product. You can view the information here: [Fleet Genius Video](#)

PROVA has also been featured in the January issue of the Scranton Chamber publication Momentum. The story is available here: [Scranton Chamber Publication](#)

They are also featured in the Annual Report from the Ben Franklin Technology Partners of Northeast Partnership. Available for download here: [BFTP Annual Report](#)
You can find the PROVA article on Page 6.

Congratulations to PROVA on all their accomplishments & well deserved recognition!

NEWS & EVENTS FROM AROUND THE CTTC

The new schedule of classes has been posted by the University of Scranton Small Business Development Center. PA Department of Agriculture regulations state that each retail food facility must have one certified employee who is accredited by a nationally recognized program. This one day class will meet that requirement. Classes are scheduled for February 27th, May 16th, August 1st, October 8th and December 4th. To register or for additional information contact the SBDC at 570-941-7588 or register through their website at [Scranton SBDC](#)

You can also sign up for their First Steps Class. This seminar provides participants with the information needed to start and operate a small business in Pennsylvania. Registrations, licenses, business structures, and business plan development will be covered, as well as what to expect in financing and expense and sales estimation. Classes are scheduled for February 25th & March 27th.

NEW TENANTS

The CTTC would like to welcome two new tenants. Ferrone Family Wineries has set up operations in our Atlas Street Facility and Trinity Inspired Farms owned and operated by Joseph Munley has begun creating products with their Heritage Grains in the Kitchen Incubator.

New Feature: Who Made the Fridge? At the CTTC we use the “family bulletin board” to share the news on any of our tenants—This month JKF Technologies & PROVA Systems are sharing the spotlight
